Step outdoors for a few minutes to pull some weeds, sit in the sunshine, or just get some fresh air. Research shows that time outside can give you more energy, a better memory, and less anxiety.

How to Feel Better in Less Than 15 Minutes - WebMD

In fact, I wouldn't suggest carving out more than 15 minutes for your morning ritual—at least in the beginning—so that you don't overwhelm yourself with yet another thing to do. But, I suggest you set your alarm for earlier than usual, instead of trying to cram those 15 minutes into your already-packed morning schedule.

Convert 15 Minutes to Seconds - CalculateMe.com

The next step in fifteen minutes to better security is to start the software and let it collect data. There are three pieces to start - the Neo4j database, the central (CMA) server, and the nanoprobe client process. I'll start them here the same way I do for a demo - so you can see more of what's happening than a normal startup.
