students' learning is having them use notebooks to store notes, examples, work, and basically house all of the learning they have done that year.

Reading Notebooks in 4th and 5th Grade

Math journals, or problem solving notebooks as they are sometimes referred to, are books in which students are often asked to record their

File Type PDF 4th Grade Math

Journal

strategy and thought processes, as well as solutions. While students learn how to "do" math, they must also learn how to articulate what they are learning. It is important to provide many opportunities for students to organize and record their work without the structure of a worksheet.

Journal **Resources**

Other teachers have students respond to math journal topics as part of a Math Notebook: one composition book holds a student's journal reflections, class notes, and practice activities. Still other teachers have students keep one journal in which they respond to a wide variety of prompts across different content areas (this
