making experimentation safer, cost effective and environmentally sound.

Small Scale Laboratory: Organic Chemistry at University Level

1. In the event of a chemical spill, large or small, consult your laboratory instructor or the chemistry technician as to the appropriate method of clean-up.

Where To Download Chemistry Small Scale Laboratory Manual

2. You should not clean up a spill if: -You don't know what the material is, or lack the necessary protection or clean-up materials to do the job safely.
