Women World Religions Peach Ph

The primary focus of Women and World Religions is "actual" women in world religions, as opposed to goddesses or other images and symbols of females and the feminine found in religious myths, art and scriptures. Even when women's relationship to religion is considered in other world religions texts, the experience and status of real women's lives has often been ignored.

(PDF) Religion and gender inequality: The status of women ...

In many world religions, women are making inroads in religious professions but the trend is resisted by the Catholic Church that allows women to serve as nuns but bans ordination. When one considers that some religions face a crisis of falling priestly vocations, yet refuse to ordain women, it seems that the churches would literally rather die ...
